Email/Website:

How many acres of Aronia do you have?

What is your total number of plants and ages?

What variety of Aronia plants do you have?

Have you ever harvested before? How many lbs per acre? Brix level?

Do you plan on hand picking or machine harvesting?

What is your projected harvested lbs for next season?

Do you currently have an irrigation system in place? How often do you water?

Do you currently have a fertilization plan?

Do you currently have any weed barrier, mulch, etc around the plants?

Are you currently farming Organic or can you become Organic Certified?

What would be your plan for keeping the berries cool during harvesting and transporting to the plant in Hastings, NE?

If you were to receive payment upon delivery of the berries or were guaranteed payment by a certain date, what do you think a fair price would be per lb?

Would you be able to or have a desire to plant more Aronia?
